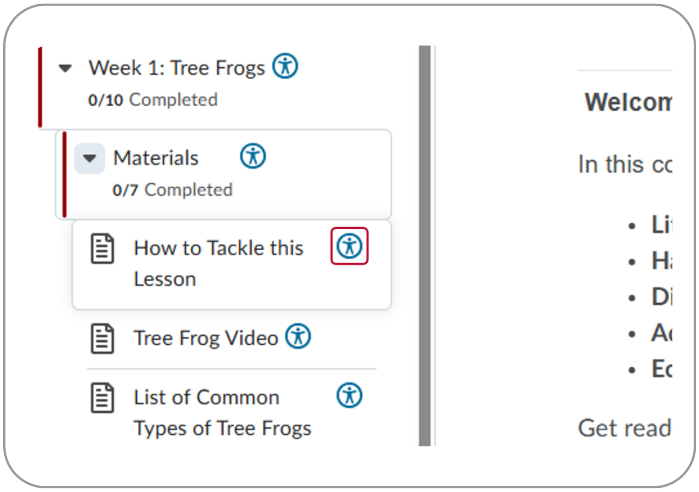
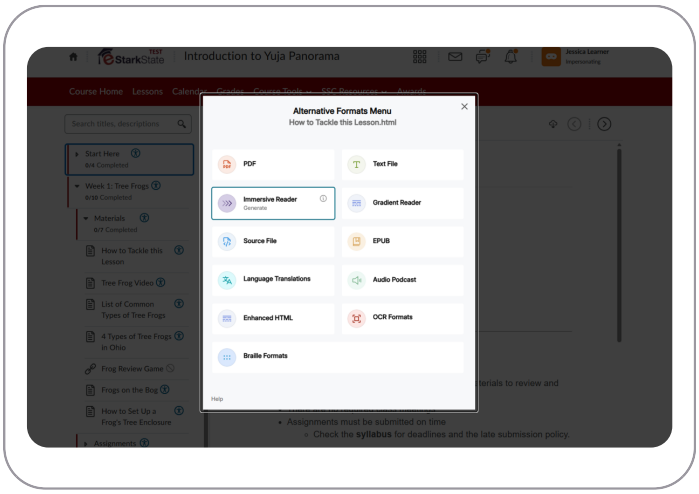
1 Click on circle icon beside the title of the conten you want to review



2 Select the format you prefer



3 Each option is a bit different, some you click on Generate - View, some you will click on View, and some you will click on Download.

Please note:

1. Content you click on View for will open in a separate tab in your browser, so you need to make sure your browser settings allow this.

2. If you click on Download, the files will be in your Downloads folder.
