

Using Lockdown Browser on Chromebooks

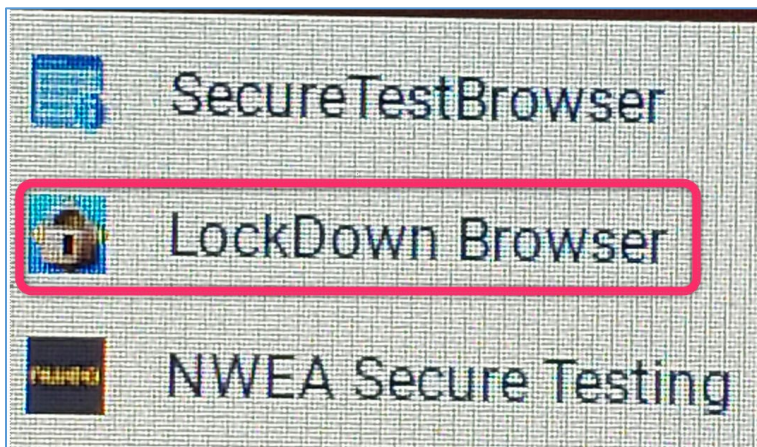

Respondus Lockdown Browser (RLB) is now available to be used on Chromebooks. For Chromebooks that are owned by high schools, RLB permission has to be granted and installed by their IT admins. Once they've installed it, students will be able to access it.

Directions:

1. Logout of the Chromebook.
2. Click the Apps button in the lower-left corner of the screen:

3. Choose Lockdown Browser from the list:

4. Follow the prompts on the screen to take the test.
